2. ETHEREUM SMART CONTRACTS

What Are Smart Contracts?

Self-executing agreements on Ethereum's blockchain, automating actions (e.g., payments) without intermediaries—transparent, immutable, secure.

Why Exciting?

Power DeFi, NFTs, supply chain with trustless efficiency.
Example: Instant royalty payouts for creators

We design secure, tailored smart contracts to automate your business—saving time, reducing costs.

2. ETHEREUM SMART CONTRACTS

Benefits :

- Fraud-proof, global, 24/7 operations
- Use cases: Track reports, secure trades, own multi assets

How Profits Are Earned through Smart Contracts ?

Reziex Global smart contracts automate supply chain payments. Set up a contract to release 2 ETH (\$5,000) upon verified delivery of goods. Earn a 3% fee (\$150) per transaction. The contract ensures immutable tracking and fraud-proof payments, with reziex global managing seamless operations.

3. CRYPTOCYCLE INVESTING (CCI)

What is CCI?

- Crypto Cycle Investing (CCI): Invest fixed amounts regularly to reduce volatility impact.
- Example: \$100 in Bitcoin weekly, regardless of price.

Why Choose Reziex Global CCI Bots?

- Emotion-free, time-saving automation.
- Risk management with Stop-Loss/Take-Profit and technical indicators.
- Seamless integration with exchanges like Binance, Bybit, Coinbase and more.

How Profits Are Earned through CCI?

- Averaging Down: Buy more at lower prices (e.g., 1 BTC at \$40,000, then \$30,000; average: \$35,000) Sell above average for profit (e.g., \$37,000 for \$2,000 gain)
